

## Top Golf 2019: A Success For Associates And Families

The skies were blue, the appetites were big and the fun was satisfying as more than 400 Associates, family members, friends and guests took to the links July 13 at the inaugural UMC Summer Top Golf event.

While the temperature began to climb, Associates kept cool in the shade, packing two hours of golf with breakfast, taking part in the Top Golf Tournament and trying to out-bid each other at the silent auction.

The event featured a great breakfast buffet, beverages, desserts, and a great bag of swag goodies for each participant. Many Associates

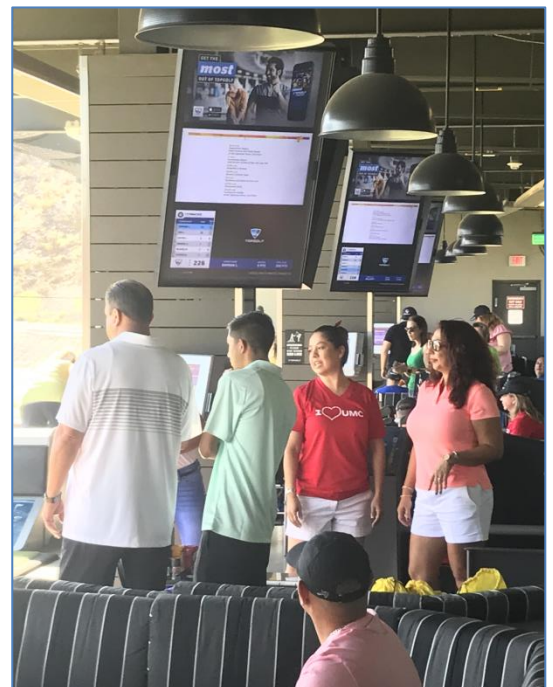

Family and friends enjoy a delicious breakfast.

The silent auction was a huge success as virtually all items were auctioned.

There's nothing quite like getting your first golf swing lesson from your older brother.

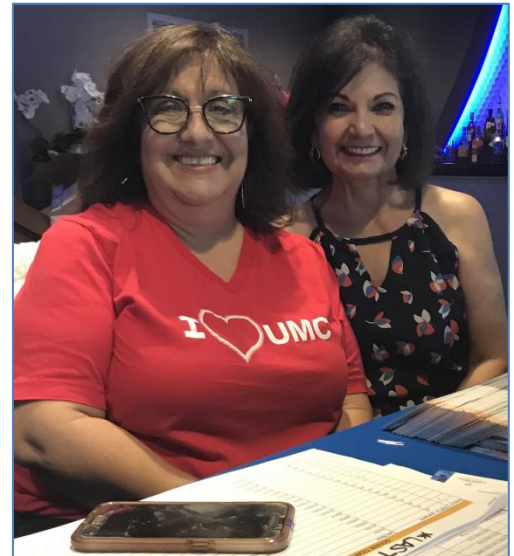

Associates watch the first swings of the day.

have already asked that UMC have the event again next year. This year's tournament was another Associate event produced by the UMC R&R Committee, also known as the UMC Fungineers. More events are on the way for this year.

As for Top Golf, plans are already in the works for Top Golf 2020!

They came to play and they walked away with first place in the Top Golf tournament.

Gloria Vasquez and Nellie Flores wrap up the registration.

Dr. Antonio Mendoza-Ladd  
Texas Tech University Health Sciences Center El Paso  
Internal Medicine Dpt.  
4800 Alberta Ave.  
El Paso, TX 79905

Dear Dr. Mendoza-Ladd,

I would like to formally congratulate you on being selected as a scholar in the 2019-2020 American Gastroenterological Association's FORWARD program. I look forward to hearing more about this mentorship.

Thank you for your contribution to the City of El Paso, and helping our city provide a high quality of life to our citizens.

Best Regards,

Dee Margo  
Mayor of El Paso

## Dr. Mendoza-Ladd Selected For Forward Program, Recognized By El Paso Mayor Dee Margo

Congratulations to Antonio Mendoza-Ladd, M.D., FACP, FASGE, assistant professor of Medicine, Division of Gastroenterology, Texas Tech University Health Sciences Center El Paso, and Director of Advanced Endoscopy at University Medical Center of El Paso's Center for Diagnostic and Advanced Endoscopy.

The American Gastroenterological Association's FORWARD Program allows participants to develop their leadership skills, strengthen their research and management skills with training from top GI investigators and network with underrepresented minority leaders who are shaping the future of academic medicine.
